DE LA CONSTRUCTION EN BÉTON

7^{IÈME} ÉDITION

March 12, 2026 | Mont Blanc Centre De Congrès & Réception à Laval

VISIBILITY PLAN

Québec & E. Ontario
American Concrete Institute

Sponsor Visibility Plan

The ACI is a technical and educational non-profit organization that develops standards for the concrete industry and offers technical resources on the material, such as training and certification programs. ACI supports more than a hundred chapters worldwide and has roughly 30,000 members across over 120 countries. The ACI – Quebec and Eastern Ontario Chapter is your local chapter, whose mission is to support and showcase the work of key stakeholders in the concrete field. In addition to its training and certification activities, the local chapter organizes biannual seminars to highlight the most inspiring advances and successes in the concrete industry.

We are preparing the sixth edition of the prestigious Awards of Excellence in Concrete Construction gala. This gala, which will take place on **March 12, 2026**, at Mont Blanc Centre De Congrès & Réception in Laval, aims to recognize eight outstanding projects in the following categories:

- Low-rise buildings
- Mid-rise buildings
- High-rise buildings
- Bridges
- Exposed or decorative concrete
- Flatwork
- Infrastructure
- Repair and restoration

*ACI reserves the right to recategorize project submissions.

Prix d'Excellence

DE LA CONSTRUCTION EN BÉTON

March 12, 2026 | Mont Blanc Centre De Congrès & Réception à Laval

Québec & E. Ontario
American Concrete Institute

In addition to the eight categories above, there will be special mentions addressing challenges related to reinforcing steel (Institut d'acier d'armature du Québec), ready-mix concrete (Association béton Québec), and culverts or other gravity-flow applications using reinforced concrete pipes and reinforced concrete structures (Tubécon).

We are proud that the winning projects will be promoted to the international competition and will represent the expertise of companies from Quebec and Eastern Ontario.

The generosity of our valued sponsors will be highlighted throughout the preparation and staging of the event, as such a celebration would be impossible without their contribution. We invite you to review the visibility plan below to help ensure the continuity of the Concrete Excellence Gala.

We are counting on your support to showcase companies from Quebec and Eastern Ontario at both the regional and international levels. For any inquiries, please contact us at prixdexcellence@aciquebec.com
